

IGLOO MAXCOLD LATITUDE 90-QT WHEELED COOLER

Quick-Use Guide | Costco item #1872190 | Non-electric hard-sided cooler

CAPACITY

90 qt / approx. 85 L

MOBILITY

All-terrain wheels + flip-up tow handle

DESIGN

Insulated body/lid + quick-access hatch

BEFORE FIRST USE

- Check that the lid, quick-access hatch, handle, and wheels move freely and are undamaged.
- Wash or wipe the inside and outside using water and mild detergent. Rinse well and dry.

PACKING & USING THE COOLER

- For best cooling, pre-chill beverages and food; add plenty of ice or cold packs.
- Place food in sealed, water-resistant containers or bags. Close the main lid fully.
- Use the smaller quick-access hatch to retrieve frequently used items while minimizing lid openings.
- Raise the tow handle to move the cooler on its wheels. Keep the cooler upright on stable ground.
- The lid includes four self-draining drink holders. Cool Riser Technology helps reduce heat transfer from hot ground surfaces.

IMPORTANT SAFETY

- This is a passive cooler: it does not refrigerate or actively chill warm food. Use ice and monitor perishable food temperatures with a food thermometer.
- Do not allow children to climb inside or play with the cooler. Do not use as a flotation device.
- Avoid overloading the handle or rolling the cooler down steep surfaces without control. Keep fingers clear of lid hinges.

CLEANING & STORAGE

- Empty contents after each use. Clean interior and exterior with water or mild detergent.
- For persistent stains, try a diluted baking-soda-and-water solution. Rinse thoroughly.
- Allow the cooler to dry completely before storing to reduce odors and mildew.

QUICK TROUBLESHOOTING

- Ice melts quickly: Pre-chill contents, increase ice, minimize hatch/lid openings, and keep the cooler shaded.
- Odor or staining: Empty, clean, rinse, and fully air-dry before reuse.
- Hard to tow: Check for obstructions around the wheels and verify the handle is fully raised.

SUPPORT & PRODUCT INFORMATION

Manufacturer: Igloo | www.igloocoolers.com | Capacity listed by Costco: up to 137 standard 12-oz cans.
